

Veco Administration Guides – “Text Anywhere” Account Setup

Introduction

The “Text Anywhere” service is used for sending SMS text messages via the internet.

To setup an account with “Text Anywhere” please follow the steps below:

1. Go to the Text Anywhere website: <http://ws.textanywhere.net/web/Home>
2. Click “Open and Account”
3. Click “Register Now”
4. Complete your details, and in the “Primary Application” section select “Third Party Application”
5. Click “Register”
6. You will be sent 2 e-mails. You must wait for the second e-mail to arrive before you can go any further.
7. To login to you new account click “Client Login” and enter your e-mail address and password
8. Click “Admin Panel” at the top of the screen
9. Make a note of your “Client_ID” and “Client_Pass” from your details page
10. Click “Buy Credits” on the left panel
11. Choose the require “Pack Size” you require
12. Click “Next”
13. Enter your credit card details to purchase the credit pack. You may wish to open a direct debit account directly with the company, in which case the contact details can be found on the initial e-mail.
14. In “Veco” go to the “Admin : Parameters” form and tick the box “Text Anywhere” and then enter the Client_ID and Client_Pass into the fields Text Anywhere “Account” and “Licence Key” respectively.

Text Anywhere Prices

Every time a text message is sent it will cost 1 credit.

Credit packs can be purchased as required. The larger the pack purchased, the cheaper each validation will be.

Prices for “Credit Packs” are as follows:

£18.75	250 credits	7.5p per credit
£34.50	500 credits	6.9p per credit
£64.00	1,000 credits	6.4p per credit
£285.00	5,000 credits	5.7p per credit
£490.00	10,000 credits	4.9p per credit

A monthly credit account can also be set up with the company. See the Text Anywhere website for details.
